

Wednesday, August 16<sup>th</sup>, 2023

Dear students and parents,

I hope you have all had a fun and relaxing summer. I know I sure have. My family spent a lot of time swimming in our pool and having bonfires. My husband and I have three sons. We took a trip to Nebraska and Colorado this summer to visit family and we got to go white water rafting which was really fun. I was also very fortunate to visit France, Italy, and Spain, while going on a cruise with my younger sister. Although summer is coming to an end soon, we have a lot of exciting lessons and activities planned for you in 4<sup>th</sup> grade at Murray Lake.

This will be my 18<sup>th</sup> year teaching at Murray Lake. I will be teaching reading, math, and writing to our homeroom students. For science you will have Mr. Kohl, and for Social Studies you will have Mrs. Smith. We are all really looking forward to meeting you!

Hopefully you can make it to our “Back to School Open House” on Monday, August 21<sup>st</sup>. Enjoy these last few days of summer vacation and I look forward to chatting with you soon!

Sincerely,

Mrs. Fuss
