

# Author Visit

Laura and Robert Sams just visited our school, to share the writing, filming and musical process behind creating their award-winning children's movie *The Riddle in a Bottle* and book *A Pirate's Quest*. The book won the Midwest Book Award for Best Children's Picture Book. The movie won over 20 international awards, including Best Children's Program Worldwide at the International Wildlife Film Festival and BLUE Ocean Film Festival.

Laura and Robert are a sister/brother team from Portland who own Sisbro Studios. They are authors, zoologists, musicians, filmmakers and actors who create stories that help people learn about science (and laugh along the way).
